

Face Access Control System with Fingerprint

ON-F880A

- High speed CPU processor
1Ghz ARM 11
- High quality spare parts
with excellent performance
- Multi-choice access control
- Large internal memory for
user data
- Self Service Report
- Suit for office, school,
factory, organization etc

Specification

Display

2.8 inch TFT color screen 320x240 pixel

CPU

1Ghz ARM 11

Capacity

Face: 1,000

Fingerprint: 10,000

Password: 1,000

Events: 200,000

Verification speed

1:N <0.5 second

Identification

FRR≤0.01% ; FAR≤0.0001%

Language

English, Spanish, Indonesian

(available to customize for others)

Communication

TCP/IP (LAN, WAN), USB host, USB slave,

Wiegand out

Environment

Operating Temp.: 0°C-45°C

Operating Humidity: ≤90%

Operating Mode

On line/Off line

Power Supply

12V/2A

Weight

0.55KG

Dimension

199 x 118 x 97 mm

Function

T9 input, Log inquiry, Scheduled bell,

9-PIN ID, Self-Service-Report

Access Control

Lock control, Exit button

Optional

GPRS, Battery, Print, Language, RFID, Mifare, WiFi

Package List

Device

Mounted plate

Data cable

Screws
